FIGHTS STARTED AGAINST COLPOYS

Anti-Saloon League Protests Selection as Excise Commissioner.

OPPOSED THE PASSAGE OF JONES-WORKS BILL

Several Democratic Senators Declared to Be Against the Labor Man.

An active fight against the confirmation of Mr. Colpoys, named yesterday by President Wilson as one of the three excise board members, is to be made by the District Anti-Saloon League, and by Senator Jones, according to indications today. The fight is to be made on the basis of Mr. Colpoys' attitude when the Jones-Works excise law was pending in Congress. No decision regarding the nomination of Mr. Colpoys, however, has been reached by the Senate. Others Against Colpoys. It is known that a number of the Democratic senators are strongly opposed to the confirmation of Mr. Colpoys as a member of the excise board. They were strongly in favor of the measure when it was before the Senate. Several of them have called upon their republicans to oppose the confirmation of Mr. Colpoys as a member of the excise board. Arguments Against Bill. In his testimony Mr. Colpoys, who appeared as secretary of the Central labor union, said in part: "The bill which I enacted into law will react against the people we are representing, the laboring people. One of those features would be the concentration of licenses in any particular district."

Discusses Growler. "You hear a great deal about the growler trade. The growler trade is this, that instead of people drinking in saloons, they go to the growler and get a glass of beer in a temperate manner before their children sets them an example. The growler trade is this, that instead of people drinking in saloons, they go to the growler and get a glass of beer in a temperate manner before their children sets them an example."

Defends Old Statute. "We feel that after nineteen years of a law on the statute books that regulates the liquor traffic as well as this law apparently does—and there are very few violations of the liquor law—we feel that we ought to let well enough alone."

Standard Oil Company Wins. JEFFERSON CITY, Mo., June 28.—The Missouri supreme court today handed down a decision allowing the Standard Oil Company of Indiana, which had been ousted from the state, to continue business in Missouri.

ORDER ABOLISHES PASSES ON CARS

Public Utilities Commission Hereafter to Prohibit Free Riding in District.

ONLY COMPANY EMPLOYEES EXEMPTED UNDER RULING

Decision Based on Opinion by Corporation Counsel Thomas That It Is Illegal.

A sweeping order practically abolishing the use of the pass on Washington traction lines was adopted today by the public utilities commission. The order was based on the opinion of the corporation counsel, Thomas, that it is illegal. The order was based on the opinion of the corporation counsel, Thomas, that it is illegal. The order was based on the opinion of the corporation counsel, Thomas, that it is illegal.

Only Employees to Ride Free. Street railway companies will be permitted to provide their own employees with free transportation. The only other exception to the ruling is the case of certain persons who have contracts for placing advertising in street cars. The only other exception to the ruling is the case of certain persons who have contracts for placing advertising in street cars.

Protest Filed Alleging He Is Ineligible to Be District Commissioner. Protest against the confirmation of Oliver P. Newman as District Commissioner on the ground that he has not been a bona fide resident of the District for three years, as required by law, a group of democratic taxpayers today filed an appeal with the Senate District committee to grant a public hearing before taking any action on Mr. Newman's nomination by the President.

Chairman Smith Out of City. Senator Smith of Maryland, chairman of the Senate District committee, was out of the city today, and therefore it was not known whether the request for a hearing on Mr. Newman's nomination would be granted. The appeal sent to the Senate District committee today was signed by W. J. Neale, a member of several democratic organizations and secretary of the Federation of Citizens' Associations, who is heading the movement, said that a number of prominent men will speak at this meeting.

Language of "The Law." "The two persons appointed from civil life shall, at the time of their appointment, be citizens of the United States, and shall have been actual residents of the District of Columbia for three years next before their appointment, and have, during that period, claimed residence nowhere else."

Inquiry as to Eligibility. It has always been understood that President Wilson's cabinet was investigating the question of Mr. Newman's eligibility before making the appointment, and that the Attorney General gave him an opinion to the effect that Mr. Newman's appointment would be legal. It is not expected that the Senate District committee will consider the commission's appointments until late next week, after the democratic caucus has finished the consideration of the bill.

SEVERE HEAT WAVE TEST OF VETERANS

Civil War Survivors Find Conditions of Torrid Phase at Gettysburg.

BUT FEW PROSTRATED AND NO SERIOUS CASES

City Streets and Nearby Camps Crowded With Visitors—Blue and Gray Fraternity. GETTYSBURG, Pa., June 28.—Although there were several prostrations yesterday, the extreme heat failed to dampen the ardor of the old soldiers here for the anniversary celebration next week. From shortly after sunrise until late at night the streets and the vicinity of the Union Pacific station were crowded with the veterans of both north and south. Some of them paraded, cheering and singing in fraternizing exuberance with former foes, while others gathered in groups and recounted the stirring times of fifty years ago. Those overcome by the heat were treated at the emergency hospital of the state department of health, and all are out of danger.

Elaborate preparations have been made to protect the health of the veterans while here. There are two large hospitals, with a capacity of 1,800, designed only for seriously ill persons. These are supplemented by three regimental hospitals, fourteen Red Cross stations and twenty first-aid stations of the state department of health, and all are out of danger. Veterans are arriving on every train, and they are in town but a short time before a start is made for the big camp, the scene of which many have not visited since the stirring days of the Gettysburg campaign. Despite the heat yesterday, the maximum temperature being 95 degrees, many of them walked over the entire area, and officials in charge said that the small number of prostrations demonstrated that the physical condition of the old soldiers was of the best.
